

Centre for Legal Education Conference 2020

Impact and Wellbeing Nottingham, June 2020

Open Competition – Panel Theme

We want your ideas to inform the Conference.

We are interested in all aspects of legal education, and in 2020 we will be exploring the impact of legal education research and wellbeing across the legal professions and academia.

Our Conference will include a plenary panel and we are seeking proposals for this. Proposals should be no more than 300 words and include a description of the proposed question for the panel and a wish-list of panel members.

Send proposals to CLEConference2020@ntu.ac.uk

The winning proposal will receive formal acknowledgment of the CLE 2020 Panel prize, free admission to the Conference, and if they wish, a place on the plenary panel.
